

Serving the Inland Northwest for over 19 Years!

PREFERRED CUSTOMER MAINTENANCE PROGRAM

Did You Know???

- ❖ The number one cause of heating and air conditioning failures is lack of manufacturer recommended routine maintenance.
- ❖ Your heating and air conditioning system consumes more energy than necessary every month when it operates in an unclean and untuned state.
- ❖ The health and safety of your family is threatened when your heating and air conditioning system runs without periodic professional maintenance.
- ❖ An improperly maintained heating and cooling system will not keep your home as comfortable as it should be.

WE CAN TAKE CARE OF THIS FOR YOU!

Our Preferred Customer Maintenance Program Saves You Money Today and Every Month!

Most of our customers enjoy the safest, healthiest, most comfortable and economical indoor comfort system by enrolling in our Preferred Customer Maintenance Program.

In fact, if you sign up today, you can take advantage of the 10% Preferred Customer discount available to all of our Preferred Customer Maintenance Program subscribers.

Once your system has been professionally tuned up, you'll enjoy even more savings on your energy bills each month!
